The British Aerospace 146 (also BAE 146) is a short-haul and regional airliner that was manufactured in the United Kingdom by British Aerospace, later part of BAE Systems.Production ran from 1983 until 2002. Manufacture of an improved version known as the Avro RJ began in 1992. A further-improved version with new engines, the Avro RJX, was announced in 1997, but only two prototypes and one ...

British Aerospace 146 - Wikipedia

The BAE/Avro 146/RJ series aircraft possess manually operated elevators with mechanical control circuits which operate the left and right elevators independently (see Figure 1). Control column inputs are transmitted via cables, pulleys and rods to a servo tab mounted on each elevator, which provides aerodynamic force to move the elevator.
