As the name implies, it is a little bit revised (mostly correcting errors or things that have changed in the world since the book was originally published, in April 2005) and quite a bit expanded (with about 90 new pages including a sampling of our N.Y. Times columns as well as excerpts from this very blog.) For anyone who has already read the book, there's no likely reason to buy the expanded edition, especially since all the additional material is available online here, for free.
